

As a WMU customer and current WMU Commission President, I support the partnership with MRES for this REC program as a way for local customers to participate in renewable energy projects.

Carol Laumer, Commission President

Thirty-four percent (34%) of your energy currently comes from renewable resources such as wind, solar and hydroelectric power plants along the Missouri River.

By purchasing Renewable Energy Certificates (RECs), you can support the development of additional renewable resources without having to install costly equipment at your home or business. The purchase of RECs, in effect, makes the energy you purchase 100% renewable

The cost to WMU customers for 2020 is \$0.0033 per kWh used.* The average home uses 700 kWh per month which is an average cost of \$2.31 per month (residential).

Commercial customers can request a cost analysis by calling WMU Energy Services at 320-441-2808.

*WMU's cost of one REC (1,000 kwh) is \$0.005 for 2020. WMU customers will be charged a reduced rate on all kWh used due to WMU's current Power Supply Mix of 34% renewable energy.

BRIGHT ENERGY CHOICES FOR YOU!

How do I purchase RECs?

Sign and return the section below to us at
700 Litchfield Ave SW
7:30 a.m.- 4:00 p.m. Monday - Friday

OR

Visit our website to sign up

What else do I need to know?

1. The Bright Energy Choices program will start on Jan. 1, 2020. It is a one-year commitment.
2. Applications will automatically renew annually on Jan. 1, unless you notify us.
3. We will inform program participants of any changes to the Bright Energy Choices Premium by Dec. 1 of each year.
4. MRES will retire RECs annually on behalf of program participants.

I elect to purchase Renewable Energy Certificates (RECs) beginning with my next billing cycle. These certificates will automatically renew on January 1st of each year unless I notify Willmar Municipal Utilities in writing.

I understand that for 2020, my WMU account will be charged \$0.0033 per kilowatt hour (kwh) used each month, in addition to my regular electric rate.
