Central Air Conditioning

LOAD SHARE

WILLMAR MUNICIPAL UTILITIES

IS THERE A COST TO PARTICIPATE?

No. WMU will install the equipment at no charge to the customer. WMU owns and maintains all load share equipment even after the installation.

HOW CAN I PARTICIPATE?

All new WMU accounts are automatically signed up for the load share program. If you have an existing account and would like to participate, contact Energy Services at 320-235-4422 or energyservices@wmu.willmar.mn.us.

HOW DOES IT WORK?

Central air conditioners are cycled every 15 minutes. During this time, the indoor fan will still run but the outdoor condensor does not.

Customers do not notice a disruption in the comfort of their home when Load Share is activated.

WHEN DOES IT WORK?

During the hottest days of the summer months (May-September), the program runs for a few hours between 11 a.m. and 8 p.m.
